How to play Lightly Row on the recorder

Lightly Row recorder notes with letters, easy for beginners, with a fingering chart for each note.

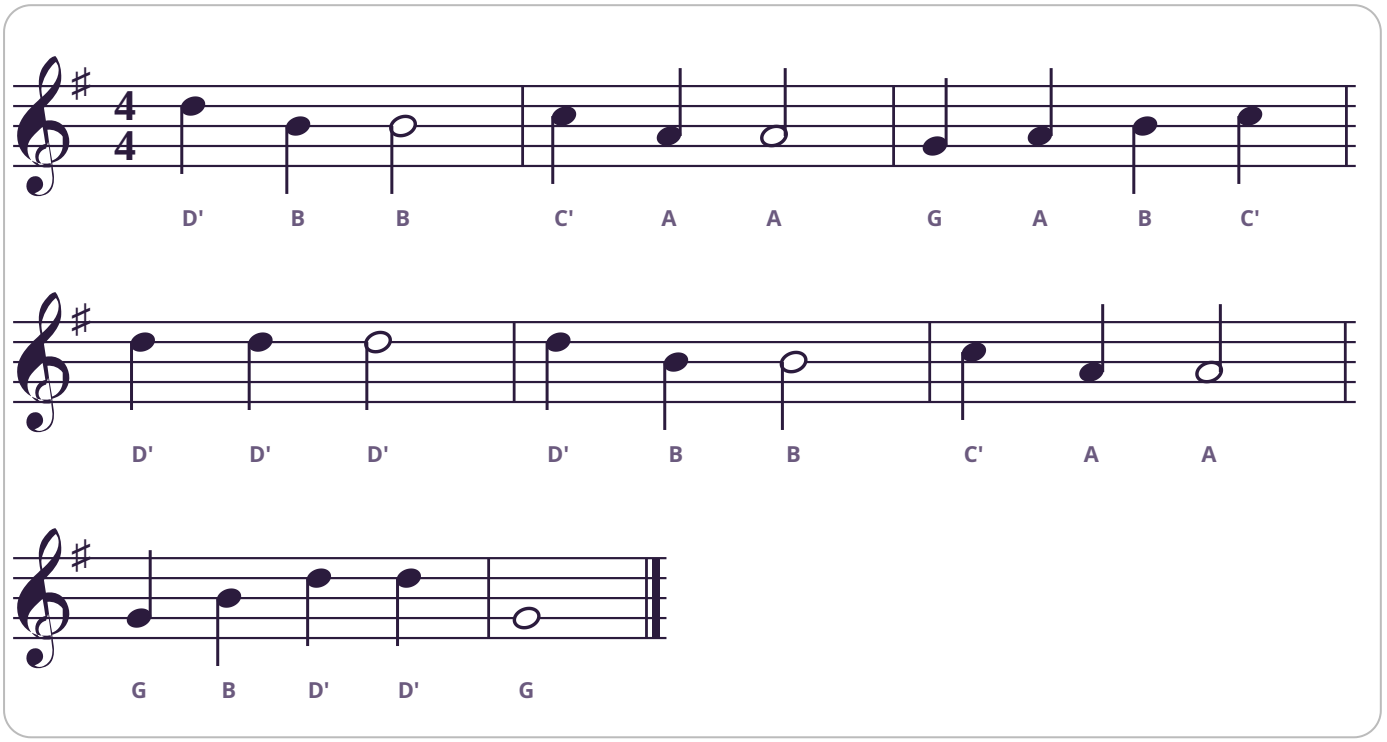

A cheerful children's song from Germany, sung around the world. It uses G, A, B, high C and high D, and is great practice for the left hand. It uses 5 notes: G, A, B, high C and high D. Below are the notes with their rhythm, and the fingering for each one.

The notes

Longer blocks are longer notes; a line marks each bar.

Sheet music

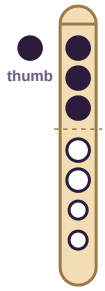

The same song in standard notation, with each note's name under it.

The notes as letters

D' B B C' A A G A B C' D' D' D' D' B B C' A A G B D' D' G

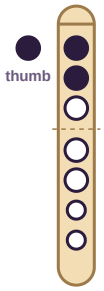

C' and D' are the high C and high D. All for a soprano (descant) recorder, with baroque (English) fingering.

Fingerings

Tap Play to hear a note; tap a fingering card to see how to play it. Filled holes are covered. The left hand is on top (thumb behind, holes 1–3), the right hand below (holes 4–7).

Tips

- Say "doo" into the recorder for each note: the tongue starts every note, so repeated notes sound separate.
- Blow gently, like cooling soup. Too much air makes a squeak an octave up.
- Cover the holes with the soft pads of your fingers, not the tips, so no air leaks out.

- High D has the thumb hole open and only hole 2 covered: just your left middle finger holds it.
- For high C, lift your first finger (hole 1) and keep the thumb and hole 2 covered.
